

Sillok language

Sillok (*Aka*) is a Nilo-Saharan language spoken by the Sillok people of Sudan. It is spoken by around 300 people in Blue Nile state, specifically on Mount Silak (*Jebel Silak*), southwest of the Ingessana hills.^[3]

According to Ethnologue the language is moribund, having been heavily Arabicised and influenced by the nearby Berta language. The Sillok people who speak the language are a remnant group.^[3]
